CAMARA STILL AT PORT SAID.

Rumors of Death of Schley Denied.

Artillery Now Placed for Action---Garcia Aids Shafter---Newark Damaged by Collision.

ALL OF TODAY'S NEWS.

JURUGUA, June 30.—Siege guns are being rushed forward rapidly to position before Santiago. The entire fighting force is moving on Santiago as fast as careful warfare will permit.

KINGSTON, June 30.—Wheeler's report of the battle of Siboney says: Cannot speak too highly of our men and officers. General Young and Lieutenant Miles received special mention.

PORT SAID, June 30.—Camara is still here awaiting the arrival of colliers and orders.

PORT SAID, June 30.—The Egyptian Government has given its sanction to the Spanish fleet's coaling from its transports.

WASHINGTON, June 30. — A diplomat of high standing standing says our government has informed representatives of France and Austria that America will receive no proposals of peace but from Spain direct.

NEW YORK, June 30.—Admiral Camara is delaying his departure from Port Said until the arrival of three colliers which are on the way to join him.

NEW YORK, June 30.—The War Department confirms the impression that General Shafter may not attack until next week, and is waiting for heavy artillery.

WASHINGTON, June 30.—No word has come to the Navy Department from Admiral Sampson making the slightest reference to the Spanish story of the sinking of the Brooklyn by a shell from the Santiago harbor defenses. The officials of the Navy Department have no hesitation in denouncing the story as a fabrication similar to that gotten out a week ago from Madrid describing the killing of Captain Evans.

WASHINGTON, June 30.—The reports received at the Navy Department of the collision between the Dolphin and Newark are meager, but indicate that it took place near Key West. The Dolphin smashed her stem, the forward compartment back to the collision bulkhead filling. She is now on her way to Norfolk to be docked, and it is expected that three weeks will be consumed in making repairs.

A Pleasant Trip.

After an enjoyable outing for two weeks at Mt. Diablo, Almy and William B. Seabury, Rob and Ted Finn, Jack Mathew, and Robert Weir returned last evening. The boys report an abundance of game and many pleasant memories of the trip.

A High Distinction.

Dr. Voorzanger Offers the Invocation at the Opening of the Senate.

The usual prayer which is offered at the opening of the Senate was pronounced to-day by Dr. Jacob Voorsanger, of the Temple Emanuel of San Francisco and who holds the Chair of Semetic languages in the State University.

During the invocation he prayed that the "flag under which we live, that for which our fathers fought, may be forever the sacred emblem of liberty until time shall be no more."

A New Water Company.

South Berkeley Citizens Will Probably Form a Stock Company.

A few of the citizens of the South End who are interested in forming a stock company to supply that part of the town with water, discussed the situation last night. Among those who attended the meeting were Frank Fowden, J. B. Hume, D. J. Keene, Dr. Allen, Hugh Forgie and Messrs. Burbank and Bohrer. Hugh Forgie has a number of fine wells on his place which the gentlemen will probably buy and form a stock company. The estimated cost of the plant is $40,000 and is intended to supply the residents about Ashby avenue.

Mr. Romney Masters and Charles Chamberlain Finn returned from their camping trip to Mendocino county today.

UNITED STATES TROOPS EMBARKING FROM PORT TAMPA.

WASHINGTON, June 30.—Three more transports left Tampa this afternoon for Santiago, carrying regulars and one volunteer regiment.

WASHINGTON, June 30.—The naval officials say that Watson will sail for Spain in the Newark next week, and the coast of Spain will be bombarded within the next three weeks.

KINGSTON, June 30. — The Spanish have evacuated Caney, close to Santiago, where they had 3000 troops.

MADRID, June 30.—Governor of Porto Rico cables that an American cruiser is firing continuously on the stranded steamer Antonio Lopez.

LONDON, June 30.—It is said that the Egyptian government has ordered Camara's fleet to leave Port Said, as he is violating laws of neutrality.

Ed L. Coryelle has arrived from San Rafael, and will open up a first-class grocery at 2136 Dwight way on July 2d.

More Improvements.

L. R. Miller, an East Oakland contractor, is putting a cement sidewalk in front of the Kirkham block, on Ashby avenue, below Grove street. The walk is to be 16 feet wide by 50 feet long.

L. T. Bowers of Berkeley is owner, contractor and architect of a very pretty cottage on Fulton street near Russell. It is to be of colonial style. The interior will be finished in natural redwood, filled, and then to receive two coats of hard oil. The house will contain six rooms, besides baths and the necessary closets; the first floor has parlor, dining-room and kitchen, while the second floor contains three sleeping rooms. The first half of the exterior is to be finished in siding, while the remainder is to be shingled and stained. The dining-room contains a fine colonial grate of the latest style. The house, when completed, one month hence, will cost $1600. Mr. Bowers will not occupy the building but hold it for sale.

Delinquent Taxes.

On Friday, July 1st, the delinquent tax sale takes place. All property upon which the taxes have not been paid will be sold to recover the tax.

A Red Cross Meeting.

The next meeting of the West Berkeley branch of the Red Cross will be held July 8th. The meeting is called to elect permanent officers for the organization. All interested in the work are urgently invited to be present. The junior members of the Red Cross have been unusually active during the short time they have been organized.

The report of three months' work shows that they have handed in their quota of books and magazines to the soldiers as several comfort bags. They also donated seventy five posters for the local collection work.

THE UNIVERSITY REGISTER ISSUED.

An Indexed Summary of the Berkeley Colleges.

Printed for the First Time at the University Printing Office.

The new register of the University of California was issued yesterday at the Recorder's office. It is much larger than formerly, containing about 100 pages more than usual. This is due to the broadening of the college courses over 2,391 in the entire University. Last year the numbers were 1,498 and 2,213 respectively. This shows a healthy growth as well as the announcement that the addition of the College of Commerce. The book shows a total of 1,665 students at Berkeley with graduating class has increased about fifty per cent. The number of women students has increased until the proportion is greater than ever before.

The register announces that there is a scholarship valued at $150 which is maintained by the students of the Haywards High School. The scholarship is awarded each year to a member of the graduating class in the High School, the decision being made upon competitive examination. This enables the fortunate person to pursue a course in the University, whence he must register as a regular student.

The Knights of Honor.

A special meeting of the Knights of Honor was held last evening in Odd Fellows' Hall. The meeting was called to initiate new members and adopt a set of by-laws. Those initiated were: Ed. Brennan, James E. Hill, R. C. Curry, George C. Boeddiker, Dr. A. De Marconnay, and E. C. Marliave.

Three applications for membership were also received. The local order had a number of visitors from the Grand Lodge in San Francisco, among whom were:

Grand Dictator Archibald, Grand Vice Dictator W. H. Thompson, Grand Deputy Dictator R. K. Faulds, Grand Reporter Thomas Johnson, and Past Grand Dictator Crow.

Although the order is a comparatively new one it has progressed with wonderful rapidity, and the members are all enthusiastic over the outlook.

An Old Resident to Return.

Mrs. A. J. Worsham, the daughter of M. M. Rhorer of University avenue, who has not been at her old home in Berkeley for twenty years, will pay a visit Saturday. Mrs. Worsham comes from Kentucky.

U & I TONSORIAL PARLORS.—Opposite High School. Shaving, 10 cents. Hair cutting, 25 cents; children, 15 cents. Clean towels served with every customer. Agency Contra Costa Laundry; 2137 Center street. W. J. POWELL.

Headquarters for fine fresh fruits—a new store and new stock, prices that suit all. A new supply of fruits and vegetables daily. Fruit for canneries at reduced prices. Whitaker & George, next to post-office.

Ancient Order of United Workmen will hold their regular meeting in South Berkeley hall next Friday evening.

Stamp Your Messages

New Law Requires Stamps on Dispatches, Etc.

According to orders issued from San Francisco on Tuesday a war tax is to be placed on all dispatches sent July 1st and after. The following extracts have been made from instructions sent managers of different offices.

The war revenue law requires that on and after July 1, 1898, under a penalty of $10, no telegraph company or its agent or employee shall transmit to any person any dispatch or message without an adhesive one-cent stamp being affixed to a copy thereof or stamped thereupon. Exception is made of government messages, service messages of the telegraph company and messages of officials and employees of railroad companies sent only over the wires on their respective railroads. The sender of each of the under-mentioned classes of business must be required to attach the one-cent documentary revenue stamp thereto before the message can be accepted for transmission:

a. Full paid messages, day and night.

b. Collect messages.

c. Messages sent under business or half-rate franks.

d. Messages sent under complimentary franks;

e. Messages received by telephone by customers direct. The cost of necessary stamps is to be added to the account rendered.

Press dispatches, when presented at W. U. counter, a stamp must be required for each dispatch, irrespective of its number of words or number of addresses.

On dispatches transmitted direct from newspaper offices, a stamp must be attached by the sender to each dispatch irrespective of the number of words it contains or number of addresses before the dispatches are sent to the Western Union office to be looked.

Method of cancelling stamps—The law provides that the person using or affixing the stamp shall write or stamp thereon the initials of his name and the date upon which the same shall be attached or used, so that the same may not again be used, and managers are to see that the stamps are so cancelled.

The government stamps are to be purchased at the banks. The Berkeley Bank has not yet received instructions but doubtless will before many hours.

Trial Postponed.

The trial of the boys who disturbed Mrs. Bentley of Ninth street and Dwight way, West Berkeley, has been postponed until next Tuesday. The boys in the case are charged with stealing fruit and breaking the windows at Mrs. Bentley's residence.

ORDERS called for and goods delivered with promptness by Coryelle's cash grocery. Full weight given. 2136 Dwight way.

Dr. Kelsey Honored.

He Now Holds the Chair in the College of Pharmacy.

Dr. Edson Kelsey, one of Berkeley's most prominent citizens, has been appointed to the chair of Chemistry in the University College of Chemistry formerly held by Dr. William T. Wenzell. The doctor resigned on account of ill health, which rendered it impossible for him to attend to his duties.

The position is regarded as a very important one and reflects a great deal of honor upon Dr. Kelsey's ability.

Important Change.

The Fourth of July Supper to Be Held in Shattuck Hall.

The Red Cross supper on the evening of July 4th will be held in Shattuck Hall and not at the Red Cross Headquarters in the Hinkle Block, as was first announced. The change is due to the generosity of Mr. Shattuck, who has granted the free use of his hall that evening. The members of the Red Cross are very grateful, as it was feared that their headquarters would prove inadequate to accommodate the rush expected that evening. The supper will afford an excellent chance for those who will be out of town during the day to evade the preparation of an evening meal and also to all others who delight in tempting viands.

A Last Farewell.

Mr. George T. Bush, the enterprising real estate broker at Dwight way station, went to the city yesterday to bid farewell to his son, Hiram E., who has enlisted.

Mr. Bush is a man that is immovable with small concerns and petty trials do not ruffle his serene countenance, but, nevertheless, we are informed by eye witnesses, that many who are unaccustomed to an expression of pain at parting, were compelled to resort to the kerchief. Hiram E. Bush went in the Newport which transported Gen. Merritt to the Philippines, and in his absence Berkeley's ranks of fine young men is materially depleted.

A Day at Rockridge.

The West Berkeley Methodist Sunday School picnic held at Rockridge park yesterday was a very enjoyable affair. The jolly party started early in the morning and it was not until the shades of night had begun to accrue did they return. The trip was made in wagons and nothing tended to mar the enjoyment of the day. Those who afforded the children their day of pleasure were Mrs. Wheeler, Miss Annie Dickieson and Mr. McConnell.

Red Cross Meeting.

All ladies interested in the Red Cross dinner to be given in Shattuck Hall, July 4th, are requested to meet at the Red Cross headquarters tomorrow (Friday) afternoon at four o'clock.

You can't measure the strength of a candidate by the vigorous tone of his brass band.

CAMARA's fleet is likely to become a self-corker. It lies at Port Said with fires dying out under the boilers. The Spanish fleets are out on excursions, but are having no picnic.

A city can construct and operate a water plant just as cheaply as an individual or a corporation of its citizens. If it is a good investment for an individual it is just as good for the city.

PERHAPS you would enjoy your vacation much more by having the GAZETTE visit you, with the Berkeley news, while away from home. If you think so order it sent to the proper address for the time covering your vacation. No extra charge.

IT WILL require two or three so-called confirmatory dispatches to make Americans believe that Chile has sold the cruiser O'Higgins to Spain. The Chilean government may need such a vessel herself, and if she should sell it she would want pay for it.

THE disabling of the Terror by the St. Paul is probably the event referred to in a recent Madrid dispatch, claiming that one of the Spanish vessels had attacked an American vessel successfully. Perhaps the attack was a success, but it ended in defeat, which the dispatch censor failed to mention.

THE public admires the man who puts vim and method into his business. If a man advertises his business the people see he means to make it go, and if he does what he advertises to do, they will help him make it go. The GAZETTE's columns are being filled up by the business men who make things go. Call on them when you need anything.

GOVERNOR-GENERAL MERRITT is on his way to the Philippines and by the time he arrives it is very probable he will have occasion to assume charge of affairs in the name of the United States, officially. With this step this government will be in position to meet the much talked of interference of the powers. She will be one of the powers with power to act.

THROUGH the kindness of a friend the GAZETTE has a copy of the Boys in Blue edition of the Commercial Advertiser published at Honolulu on June 7th, in honor of the visit of the American soldiers en route to Manila. It contains a full account of the reception and entertainment given the soldiers. The paper is printed in red and blue, and as a sample of its genuine Americanism there is a cut of Old Glory and under it the words: "This is what has gone to Manila." The Advertiser is edited by W. N. Armstrong.

Governor Budd has appointed District Attorney William S Barnes of San Francisco, who is a son of General W. H. L. Barnes, to be Captain of Company C, Fifth Infantry, of Petaluma. This company will join Camp Barrett today.

Governor Budd was made defendant in a suit for $6000 instituted at Stockton. It grows out of the old San Joaquin Valley Agricultural Association, of which he was at one time a director. Governor Budd and other directors signed a note for $6000 to protect the association, and hence the suit

"THY WILL BE DONE!"

There are tens of thousands of women, submitting to conditions that involve daily martyrdom, a lingering, painful death, who press the thorn of suffering deeper into their hearts with the prayer "Thy Will be Done." To every such woman comes the message, you were made to live a healthy, happy life and to enjoy wifehood and motherhood by Him who "maketh the barren woman to keep house and become a joyful mother of children." You are being robbed of your birthright. Pleasure

and happiness correspond to the duties of wifehood and the responsibilities of motherhood, just as surely as sweet scents correspond to the sense of smelling, sweet sounds to the sense of hearing, sweet sights to the sense of seeing. It is God's will that you enjoy all the faculties and functions of the body, and if in any chamber of this great house of the body, pain sits as a guest, it is not by right but by usurpation. The place belongs to joy not pain.

WHY DO WOMEN DO IT,

why do they suffer and submit to suffering, accepting all their pain as a providential dispensation? It would seem to be because only about thirty women in every hundred are exempt from every form of female disorder, and the majority accept their condition as the rule, and the healthy condition of the minority as the exception. And this is a serious mistake. Health should be the rule, disease the exception, and however in the past woman has had to endure suffering as the badge of her sex, such suffering has never been necessary since Dr. R. V. Pierce, consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N.Y., has proven that out of every hundred cases of female disorders only three in each hundred failed to find a cure by using Dr. Pierce's Favorite Prescription. Thirty year's experience in the treatment of female disorders, a record of over 250,000 cases treated, three per cent. only of which failed of complete cure, enables Dr. Pierce to speak with the authority of a master specialist when he affirms that his "Favorite Prescription" will cure practically every case of female weakness, irregularity, displacement, ulceration, inflammation and every sympathetic result of such ailments. Remember that this cure means something vastly more than to merely stop the suffering.

THE MEANING OF "CURE"

is to be re-established in sound, substantial health, to have elasticity of body and be cheerful of spirits. To enjoy the cares of home as a recreation. No more the aching spine, the dull head, the sharp pain in the side, the specks before the eyes, the faintness, dizziness, nausea and exhaustion. But in their place a sound mind in a sound body—the ideal condition of perfect health.

DR. PIERCE'S FAVORITE PRESCRIPTION

will do all this. It has done it in thousands of cases. It will do it in almost every case in which it is honestly tried. But if the "Favorite Prescription" does not fully realize the expectations of all those who use it, after a fair trial, Dr. Pierce invites the patient to write to him, at the above address. There is no fee. Dr. Pierce stands behind his "Prescription," and in the small per centage of cases where some variation from the ordinary conditions retards the action of the medicine, he is more than willing, he is anxious to give to such cases the benefit of his thirty years of special study of woman's diseases, a period which includes the successful treatment of a quarter of a million cases. Write in perfect confidence as tens of thousands of others have done, knowing that every letter is sacredly private. There are questions that many women would like to ask, if they could speak as under the seal of confession. There are things easier to write about than to speak about. Dr. Pierce stands in the priveleged relation of confessor to thousands of women, who have confidence in his silence as in his skill.

To the Voters of Alameda County.

GENTLEMEN: We the undersigned, employees of the Oakland Consolidated Street Railroad Company, having heard through the press and other sources that our former Superintendent, Mr. A. K. Grim, is a candidate for County Recorder of this county, and we as employees having had long experience with him as Superintendent of the Grove street division of said Consolidated Street Railroad Company, and having confidence in his integrity and ability, and believing that the stand taken by him while Superintendent of said road in behalf of labor should entitle him to the unanimous support of the people of this county, we hereby recommend him to the voters of this county for the office of Recorder, and we hereby request the voters of said township to use every fair effort within their power to secure the election of a delegation to the next Republican County Convention favorable to Mr. A. BROTHERS IN ARMS.

Dembo Factor Has Enlisted Several Sons and Grandsons In the Army.

There are few more interesting characters in the United States than the famous old Seminole chief, Dembo Factor, who, at the age of 114, is boiling over with patriotism and anxious to go to the war. He has enlisted 14 of his sons, grandsons and great-grandsons in the army. Some of them are in the volunteer service and others with the regulars. The aged veteran appeared at Fort Clark a few days before the regiment started for Key West and went to headquarters, accompanied by six of his grandsons who were in the regular army, to beg the officers to allow him to go along with the boys to Cuba.

He, like nearly all other Seminoles on the little reservation, looks more like an African than an Indian, and there must be considerable negro blood in the whole race. They, however, have all the race characteristics of Indians. They speak the Seminole language, many of them being incapable of understanding a word of English, and nothing arouses their indignation quicker than for one to hint that they look like negroes.—St. Louis Globe-Democrat.

The South's Pride In Hobson.

Alabama is proud of her noble young son, who so signally illustrates his state and country in the very jaws of death. Hobson's deed of daring puts the south forward as nothing else could have done on the seas, for the civil war made it impossible for any of the older ranking naval officers in this war to be southern. He shows the sort of metal the south is giving the united country in this time of need.—Montgomery Advertiser.

Spanish Chivalry.

Admiral Cervera has proved himself to be a most polished and chivalrous gentleman. His conduct in advising Admiral Sampson of the safety of the crew of the Merrimac and his commendation of their bravery was worthy of the Chevalier Bayard or of Sir Philip Sydney. That he could rise to such a height in the face of the popular clamor against America in Spain shows that he is as brave as he is courteous. That such men as Cervera and the Spaniards at Manilla, who fought until the decks of their ships sank beneath them into the water, should be sacrificed to the cruel and imbecile government of Spain naturally excites pity.—Baltimore Sun.

This Season's Mermaid.

Bathing suits will be of national colors this season, and a fair show bather at the seaside will look like a Goddess of Liberty when she washes herself for public entertainment.—New Orleans Picayune.

They Will Be True to Their Calling.

When Roosevelt reaches Cuba with his regiment, it will be wild and woolly cow punchers against bedizened and inflated bullfighters. A hundred to one the cowboys will clean out the bullfighters in the very first round.—St. Louis Star.

Mankind needs a herald, like the heralds of old, to proclaim so that all may hear, the vital importance of health. The average man of to-day thinks it beneath his dignity to bother about his health until it is gone. Even then he only takes measures to restore it in an indifferent, contemptuous sort of way.

Men cannot learn too soon that health is the most important thing in life—in fact, is life. Without it the most brilliant man will be a failure, and the most robust man will rapidly become a physical wreck. The man who neglects the little headaches, the loss of appetite and sleep, nervousness, hot flushings, cold chills, heavy head, lax muscles, and the multitude of bad feelings that are the heralds of approaching sickness and disease, must pay a tremendous penalty. For men who suffer in this way there is no medicine equal to Dr. Pierce's Golden Medical Discovery. It sharpens the appetite, corrects all disorders of the digestion, invigorates the liver, makes the assimilation of the food perfect, purifies the blood and enriches it with the life-giving elements that build new, healthy flesh. It is the great blood-maker and flesh-builder. It cures 98 per cent. of all cases of consumption and is the best of all known remedies for nervous troubles. Thousands have told, over their own signatures, the stories of the wonders it has performed. Honest dealers will not urge a substitute for the sake of a little extra profit.

Thomas Fletcher, of Clifton Station, Fairfax Co., Va., writes: "I suffered terrible tortures for ten years with gastralgia (pain in the stomach). I then took six bottles of Dr. Pierce's Golden Medical Discovery, which completely cured me."

When the bowels are regular the body will feel good and the mind will be active. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. All good dealers sell them and have nothing else "just as good."

A large party of young people from North Berkeley enjoyed a picnic at Bath Beach today, and they also indulged in a plunge in the briny deep. These warm days the C., U. and F. cars are well patronized by the picnickers and bathers.

The professor expressed himself as well pleased with this department.

A War Correspondent.

Mr. Fred Nugent, formerly reporter in Berkeley, left for Camp Merritt today. Fred passed a fine examination and will find service at once in the hospital corps, where he will report for duty this evening.

Mr. Nugent is known by our citizens as a progressive young man, and has found many staunch friends in his business capacity as city reporter. He will push the quill with renewed energy as he sketches war items and administers curatives.

A Flaming Success.

Word just received from Townsman Driggs, the enterprising hardware merchant, is to the effect that he has gone to Canada. Berkeleyans are not interested by this announcement and no investigation of the financial affairs of the departed merchant is necessary, when we furnish further intelligence that the egress of the gentleman is simply upon a pleasure trip.

Mr. Driggs has met with unexpected success in the presentation of the merits of his "blue flame stove" and its attachments, and has even had overtures from the largest gasoline stove manufactory in the world to put his patent upon the market at a handsome figure. The stove has had a "warm" reception and has "c oked" everything in the "fry" and universal satisfaction seems to be its fate.
